_____

Bringing Stop Cyberbullying Programs to your community

You can use one of our tutorials, or walk through our guide alone or with your family.

You can sign a Stop Cyberbullying pledge.

You can create your own program using Stop Cyberbullying and our other program materials you can download without charge online.

You can sponsor a local Teenangels or Tweenangels chapter to promote Internet safety.

You can arrange for a local speaker from our corps of volunteers to attend a school or local community event.

You can use our Internet safety videos, games and quizzes at home and in your schools and community centers.

Or you can host a Wired Kids Summit.
